ABOUT ME

A Full-Stack Web Developer with passion for Technology and Science. I am a Computer Science major pursuing my Bachelors from GLA University. I am also a content creator who creates Content on Self-growth and education/coding.

PROJECTS

○ Chat-Application

Nextjs, Socket.io, MongoDB & Tailwind CSS

Made a real-time chat application where users can chat live which was maintained by Web-Sockets (Socket.io) and chats were also stored in MongoDB database which made them persist over there. I also used Next Auth in the project.

○ Blog-Application

Nextjs, MongoDB & Tailwind CSS

A Blog-application where users can write blogs with T-3 Stack. This Blog application was deployed on Vercel and is live now.
